

As you know we have been experiencing some changes in our lunch program. This year we have seen some of the quality deteriorate and the portions shrink. We are going to fix that!

We had been working with Red Door BBQ, a restaurant owned by the same group that owns Average Joe's. Rhonda Light had been working for Red Door BBQ and serving our orders for the past few months – students know her as Miss Rhonda. She had expressed concern with the food quality and portions in the past but was not able to do anything about it. She is now taking charge of the program and operating out of the Average Joe's on Henderson Rd. The plan is to maintain a similar menu using better quality ingredients and greater portions. She will also incorporate healthier options such as fresh fruit and side salads.

Listed below are the days remaining before holiday break. Please circle the days in which you would like your child to have lunch and return this form to school as soon as possible, along with payment. A large portion costs \$7 and a small \$5. Checks should still be made out to Red Door BBQ. You can add Credit Card information below if you prefer. We will have a complete menu ready for January.

We encourage everyone to give our new lunch program a try. Miss Rhonda knows the kids will love it!
